DATA REPORTING

Part A service providers are responsible for documenting and keeping accurate records of Ryan White Program Data/Client information, units of service, and client health outcomes. Reporting units of service are a component of each agency's approved work plan. Please refer to the most current work plan, including any amendments, for guidance regarding units of service. Summaries of service statistics by priority will be made available to the Planning Council by the Grantee for priority setting, resource allocation and evaluation purposes.
